

## Activity: Diabetes Community Health Workers (DCHWs): A Piece of the Puzzle

### **Participant Evaluation Form**

Members of the Diabetes Partners in Action Coalition (DPAC) developed this presentation to be given in a variety of settings across the state of Michigan. The overall goal is to familiarize people with the concept of and consideration for a Diabetes Community Health Worker program.

Please help us determine whether this educational activity was beneficial to you by completing this brief evaluation form. You do *not* need to provide your name or contact information. Your feedback will be valuable in helping DPAC members create useful educational materials that help spread the word about DCHWs in Michigan. Thank you.

**Please answer the following statements by circling your responses:**

1.) The objectives of the presentation were clear.

Strongly Agree   Agree   Disagree   Strongly Disagree   Not Applicable

2.) My overall understanding of the subject matter was enhanced.

Strongly Agree   Agree   Disagree   Strongly Disagree   Not Applicable
